GOLF MANAGERS ASSOCIATION OF NEW ZEALAND INCORPORATED

PRESIDENT'S REPORT

FOR THE YEAR ENDING 30 JUNE 2020

What looked like being a very successful year coming into 2020 turned into a disaster as the COVID-19 pandemic hit home. Cancelled memberships and postponed BMI educational courses destroyed our financial forecasts and left us in a precarious position financially.

Luckily, we have been able to rely on the continued support from our members and wage subsidies. Our key support body, NZ Golf again provided valuable assistance and going forward as part of their restructure, and in a joint venture with GMANZ, they will provide the Association with substantially enhanced tools in the form of a fully funded Golf Workforce Development Manager to assist with the BMI Education programme for our club managers.

Covid-19 also knocked our ability to engage in person with our members by way of our regular network meetings however, the advent of ZOOM proved to be of tremendous benefit to all as we traversed the rather unusual situation of having no golf course maintenance and no players out on our courses. Through some outstanding work by NZ Golf and Sport NZ we were able to recover the situation, implement new rules around engagement and return to normal.

Zoom meetings also allowed us to put together regular get-togethers with some key industry advisers and in a more light-hearted manner enjoy a number of Friday night Happy Hours.

One benefit of the COVID-19 pandemic has been the huge increase in golf popularity. New membership applications, green fee income and rounds played have all been at levels not seen for many years. Collectively this has resulted in many clubs recovering their financial position well in advance of post Covid forecasts. Long may the upswing continue.

Membership

We recorded a slight drop in Association membership with COVID-19 having an adverse effect on numbers. We see this as a temporary situation as clubs recover from the pandemic. A strategy is being worked on to identify how the Association can better interact with many smaller rural clubs that would benefit from the services the Association offer.

Current membership as at 30 June 2020

Education

Education continues to play an important role within the Association's affairs and it is pleasing to report that since inception in 2015, the Club Management Association of America (CMAA) endorsed BMI educational programme has seen 90 club managers participate in various courses and today, we can now recognise our first successful students who graduated Certified Club Manager CCM in July 2019.

Our warmest congratulations go to: Grant Lewis CCM, CEO Canterbury Golf, Travis Gawler CCM, GM Hamilton Golf Club, Lesley MacDonald CCM, Ian Litchfield CCM, GM Pukekohe GC, Michelle Campbell CCM, GM Hastings GC, Grant Nicholas CCM, Clubhouse Manager Remuera GC, Warren Collett CCM, GM Manawatu Golf Club.

A number who graduated were able to travel to Dallas for the CMAA World Conference to receive their Certifications in front of the 2500 CMAA delegates attending – another success for a small country like ours matching the big boys!

CCM graduates at the CMAA World Conference Dallas 2020

L to R: Warren Collett CCM General Manager Manawatu Golf Club, Michelle Campbell CCM General Manager Hastings Golf Club, Grant Nicholas CCM Operations Manager Remuera Golf Club, Ian Litchfield CCM General Manager Pukekohe Golf Club.

COVID-19 played havoc with our plans to hold further courses in 2020 including BMI General Manager/Chief Operating Officer and BMI Food and Beverage Management courses. However, we were able to reschedule BMI General Manager/Chief Operating Officer course in July but a return to Alert Level 2 put paid to holding BMI Food and Beverage Management which was postponed indefinitely until Auckland returns to Alert level 1.

In late July we had 8 managers successfully complete the BMI General Manager/Chief Operating Officer course.

BMI General Manager/Chief Operating Officer class of 2020

Richard Nauck – General Manager Titirangi Golf Club, Matthew Owen – General Manager Pupuke Golf Club, Karee Oates – Relationship Manager – Remuera Golf Club, Neville Bamford General Manager Harewood Golf Club, Hugo Littlejohn General Manager Maungakiekie Golf Club, Conal Cooke Golf Shop Manager Remuera Golf Club, Alex Page Golf Operations Manager Jacks Point Golf Club, Hayden McCallum General Manager Waitemata Golf Club, Steven Gee – presenter.

As mentioned, a very positive decision was made for GMANZ to form a joint venture partnership with NZ Golf to promote the concept of a full-time person to manage the education programme for the Association. We are delighted to confirm that Stephen Gee well known to many and a presenter of our BMI programme for the last 2 ½ years accepted the position. We look forward to an expanded programme in 2021 to cover BMI Courses and both national and regional forums and workshops.

With the postponed New Zealand Golf Industry Conference Whole of Golf Conference now set down for 2022 an opportunity has arisen for GMANZ and the NZ Golf Course Superintendents Association to hold a combined 2-day Summit and Fine Turf Seminar in Auckland in May/June 2021. The GMANZ Board, being very conscious of health and safety, has deemed the Summit will only go ahead at Alert Level 1. The Board also acknowledged member participation is critical in these uncertain times and we will be looking for full support of the Summit to ensure its success.

CMAA World Conference – Dallas 2020

The New Zealand contingent that attended the 2020 World Conference comprised President Chris Davies, Board members Ian Litchfield CCM and Michelle Campbell CCM, Past President Warren Collett CCM and Grant Nicholas CCM. The highlight being the presentation of CCM certificates to the Kiwis in front of 2500 delegates

The quality of the speakers was again outstanding while the Trade Show gave all an insight to current trends. Chris Davies presented to two sessions – the *International Symposium* and the *International Business forum* which gave GMANZ the opportunity to update our world-wide colleagues on our activities and educational programme.

New Zealand Golf Industry Council - Whole of Golf Conference – Auckland August 2020

The New Zealand Golf Industry Council brings together parties vitally involved with the running the business of golf in New Zealand and comprises NZ Golf, the Professional Golfers Association of New Zealand, the Golf Mangers Association of New Zealand, the NZ Golf Course Superintendents Association of New Zealand the Wholesale and Retail Golf Association and the NZ tourism sector. The major project of the Council set down for 2020 was the inaugural Whole of Golf Conference in August 2020. Initial reaction from the golf industry was very encouraging with many sponsors, trade exhibitors and delegates registering. Unfortunately, due to COVID-19 the conference was postponed. Plans are now underway to hold the conference, however, whether it will be in 2022 is in the lap of the gods.

Financials

The Covid-19 pandemic had a disastrous effect on our financial performance with BMI Course and sponsorship cancellations equating to lost revenue in excess of \$35,000.00 and despite successful application for wage subsidies a significant negative return for the year is the end result.

The Board is confident going into the New Year that with continued tight control on expenses, combined with the accrued financial benefits from NZ Golf's appointment of a Golf Workforce Education Manager which will subsidize costs associated with the GMANZ educational programme BMI courses plus planned regular forums and workshops, finances can be turned around as per the budget signed off.

The Board will be working hard to improve the performance of the Association which one must assume will continue to be in very tough conditions entirely dependent on the vagaries of COVID-19.

Partners

NZ Golf

The Association maintains a very strong working relationship with Dean Murphy and his team at NZ Golf and applaud the world class work that they did during COVID-19 lockdown and the work they are currently doing in the casual golf and junior golf space. We always look forward to the rollout of these new initiatives.

We are pleased to announce that a Memorandum of Understanding between NZ Golf and GMANZ has been signed off for a further two years. Of note is NZ Golf's decision to fund a Golf Workforce Development Manager to assist with the presentation of the BMI educational programme and to manage and run a regular programme of nationwide networking meetings, workshops, and forums. Our congratulations go to Stephen Gee, well known to GMANZ as a BMI course presenter over the last 2 years, who recently accepted the position.

NZ Golf Industry Council

Comprising representatives of NZ Golf, NZ PGA, the Golf Managers Association of NZ, the NZ Golf Course Superintendents Association, the Wholesale Retail Sporting Goods Association and NZ Golf Tourism the Council has now been in operation for 3 years.

The major focus for all but a full year was the "Whole of Golf Conference" which was to be held in Auckland 3-5 August 2020. Unfortunately, COVID-19 arrived at the wrong time and caused the indefinite postponement of the conference.

Work alongside the Department of Conservation continued with a number of initiatives being introduced around trapping of pests on golf courses.

Club Management of America

Our Association continues to enjoy a close working relationship with CMAA. Their contribution to our BMI education programme is enormous and will continue to grow as we move towards our goal of having 20 CMAA BMI qualified managers in NZ.

Unfortunately, COVID-19 has caused the cancellation of the 2021 Annual World Conference in Tampa Florida but CMAA is working hard to bring a virtual conference into play.

Golf Management Australia

We have again worked closely with Golf Management of Australia during the year assisting with their BMI programme and working on joint initiatives .

Unfortunately, COVID-19 has caused the postponement of GMA's Biennial Conference until 2022.

Thank you

Members subscription fees and Sponsorship play a big part in balancing our finances and we appreciate the support of our members, our sponsors and supporters DOTGOLF, Power Turf, Club Car, EZGO, Golf Industry Central, Asahi Beverages, Insurance Underwriters and Parkland Products.

Special mention must be made of our major financial supporter NZ Golf. They played a huge part in securing early access to golf course maintenance under Alert Level 4 lockdown and continued the good work on gaining access for club members to play under Alert Levels 2 and 3. The confidence that golfers gained from being able to play the game they love in a safe environment during a pandemic has led to significant increases in membership and green fee income.

Also thank you to my fellow board members Ross Bond (Shandon GC), Michelle Campbell CCM (Hastings GC) and Ian Litchfield CCM (Pukekohe GC), Michael Williams (Mt Maunganui GC) and Neville Bamford (Harewood GC) and retiring board members Andrew Bell (Clearwater GC) and Michelle Towersey (Tauranga GC) who stepped down during the year. All generously gave of their time voluntarily.

The work of our Executive Officer Des Topp is very much appreciated. Hindered by many cancellations and postponements, Des provided an effective administrative and support role for our member database under very trying conditions. He continues to be readily available for advice on educational matters and general club management matters.

Mention should also be made of the help and support that Stephen Gee gave the Association throughout the year. He made a significant contribution as the lead presenter to the BMI General Manager Chief Operating Course and assisted with the many ZOOM meetings held during lockdown.

Summary

The Golf Managers Association of New Zealand has continued to work diligently towards meeting the key guidelines set down in the pillars of its strategic plan:

- Membership
- Training
- Management
